

22nd SETAC Europe LCA Case Study Symposium | Sponsorship benefits

About the event

The 22nd SETAC Europe LCA Case Study Symposium will be held from 20 -22 September 2016 in Montpellier, France.

The SETAC Europe LCA Case Study Symposium, a key international scientific event for life cycle assessment, provides an opportunity for researchers, business experts and policy makers from all over the world to gather in a unique environment to exchange scientific ideas and experiences as well as to discuss new developments.

The overarching theme of this year's event is "Life cycle innovation for the transition to a sustainable society".

The symposium will be co-organised together with the National Research Institute of Science and Technology for Environment and Agriculture (Irstea) as well as the ELSA-PACT and CIRAIG industrial chairs on Life Cycle Sustainability Assessment.

About SETAC

The Society of Environmental Toxicology and Chemistry (SETAC) provides a forum where scientists, managers, and other professionals exchange information and ideas for the development and use of multidisciplinary scientific principles and practices leading to sustainable environmental quality.

SETAC has currently about 6000 individual members and institutions from academia, business and government and is implementing its mission worldwide.

Expose your brand to the leading scientists!

Sponsor benefits

- Support scientific research – contributions provide researchers a platform to discuss their latest results
